**2004/2005 HBRR Program**

**Approved Painting, Barrier Rail Replacement, Low Water Crossing Replacement, Rehabilitation, Replacement, Local Seismic Safety Retrofit, and grandfathered Special Projects not yet authorized for Construction**

**CAUTION -- This is NOT the FTIP/FSTIP. See the appropriate FTIP/FSTIP for current funding commitments. This report includes projects that may be programmed in the LOCAL BRIDGE lump sum grouping or as specific line item projects in the FTIP/FSTIP.**

**Special Notes:**

1) This report is sorted by Rank and SR. This report is used to determine which projects can be funded while maintaining a financially constrained program.

2) SR/STAT: Sufficiency Rating and SD/FO Status. SD means Structurally Deficient, FO means Functionally Obsolete. See the National Bridge Inventory (NBI) Coding Guide for details on the SR calculation. The SR is based on FHWA's National Bridge Inventory database as of August 2004. (The Coding Guide is available on the Local Assistance HBRRP web page.)

   Projects that involve multiple bridges use the lowest SR of the grouped bridges.

3) Rnk: HBRRP Priority Rankings. See HBRRP funding priority policy for details.

   Projects that involve multiple bridges use the lowest numerical ranking of the grouped bridges.

4) Over Top: This flag is "Yes" when the Water Way Adequacy (NBI Data item 71) rating is 4 or less.

5) Scour (113): This is NBI data item 113, scour rating. "N" and blank values are assigned a value of 10 for the purposes of this report.

7) Seis.: This flag is "Yes" if the bridge is included in the Seismic program and has not yet been seismically retrofitted or replaced.

8) Off Fed: This flag is "Yes" if the project is off the Federal Aid System. Local Streets and Roads and Rural Minor Collectors are off the Federal Aid System. This flag is "Neg." if the bridge does not carry a public highway.

9) Multi-Proj: This flag is yes when multiple bridges are included in one project or multiple scopes of work are programmed for one bridge or a combination of the above.

10) Refer to the HBRRP FTIP/FSTIP Guidelines for definitions of "Pend" and "Push." Both flags trigger the programming of federal funds into future years outside the triennial element of the FTIP/FSTIP.
