

Transportation Planning Fact Sheet

State Route (SR) 183 in Monterey County

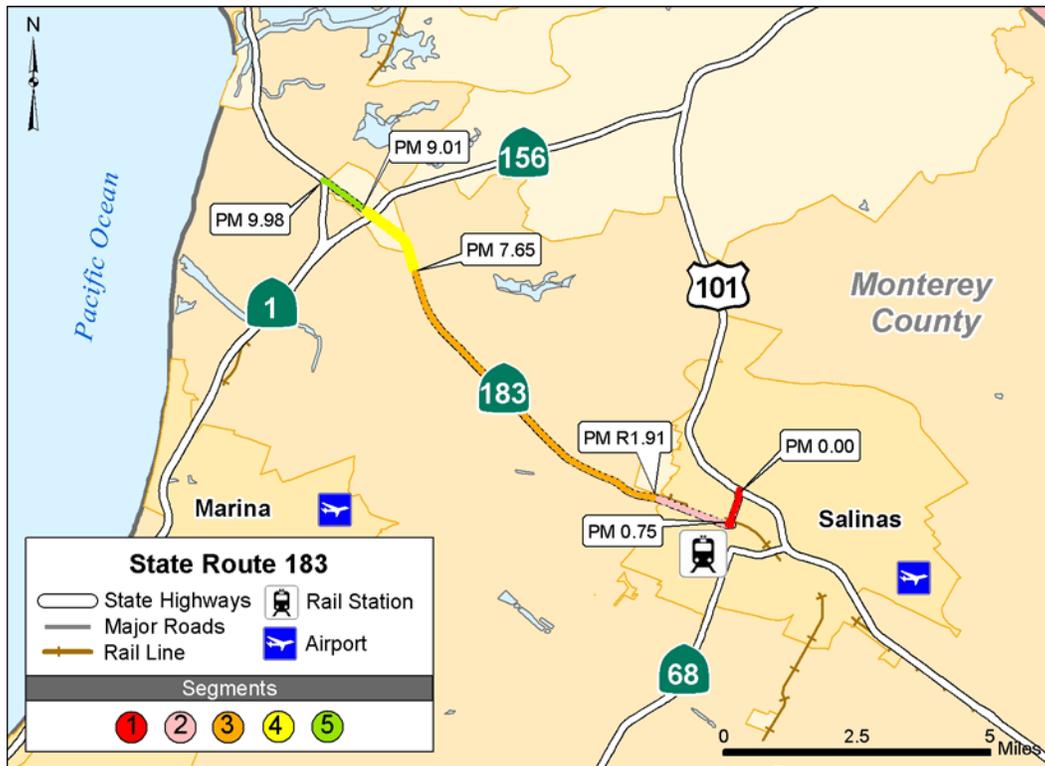

Purpose of this Transportation Fact Sheet:

Transportation Planning Fact Sheets provide one comprehensive summary document that captures physical, social, political, and development characteristics along State Routes and provides web links to various planning resources and documents. Fact sheets are to be used as supplemental planning documents to existing Transportation Concept Reports (TCRs) and to future Corridor System Management Plans (CSMPs).

Route Description:

SR 183 is approximately 10 miles in length. According to the 2005 [Transportation Concept Report: State Route 183 in Monterey County](#), the route is divided into five segments. Beginning at the junction of U.S. Route 101 in Salinas, SR 183 traverses in a northwest direction to the junction of SR 1 in Castroville.

- Traffic: local and regional
- Access Control: 2 and 4 lane conventional highway
- Functional Classification: urban principal arterial, major collector, and rural principal arterial
- Terrain: flat

Traffic Volumes:

- 2015 ADT: 12,400 - 40,900
- 2030 ADT: 13,200 - 43,400

Truck Volumes:

- Peak Hour: 6 - 12%
- ADT: 10.4 - 15.3%

Future Concept:

According to the 2005 *Transportation Concept Report: State Route 183 in Monterey County*, the future concept for SR 183 in Monterey County is provided by Level of Service (LOS):

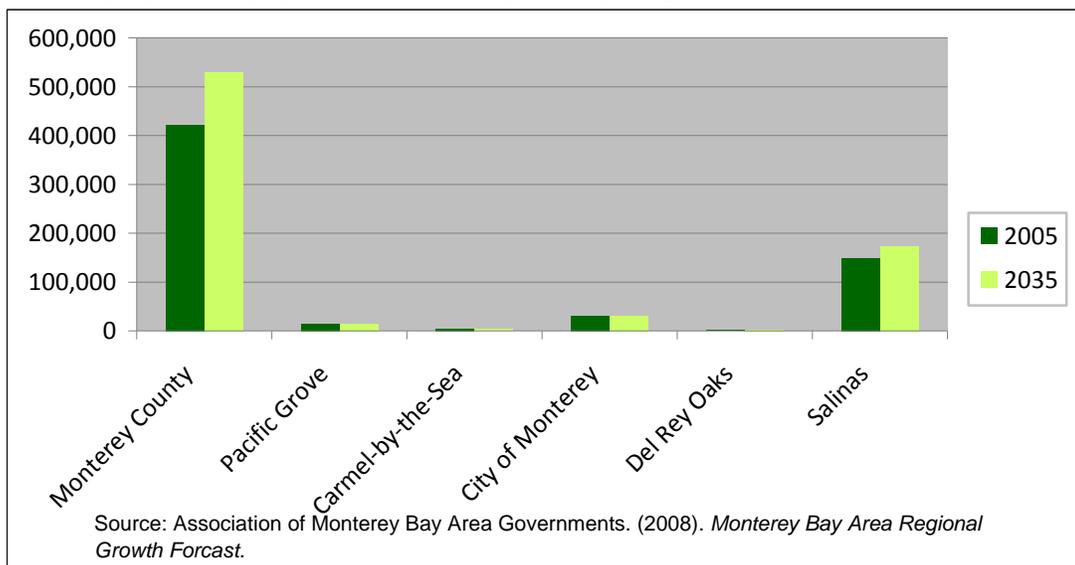

Segment	Begin Postmile	End Postmile	Description	Route Concept
Segment 1	0.0	0.75	Jct. 101 to Main St/Market St. intersection	LOS D / 4 Lane Conventional Highway or Relinquishment
Segment 2	0.75	R1.91	Main St./Market St. intersection to Davis Rd.	LOS D / 4 Lane Conventional Highway or Relinquishment
Segment 3	R1.91	R7.65	Davis Rd. to Espinosa Rd.	LOS D / 4 Lane Conventional Highway
Segment 4	R7.65	9.01	Espinosa Rd. to 156 interchange	LOS D / 4 Lane Conventional Highway
Segment 5	9.01	9.98	156 interchange to Jct. 1	LOS D / 4 Lane Conventional Highway or Relinquishment/Bypass

Route Designation:

- [Freeway and Expressway System](#)
- Strategic Highway Corridor Network
- Truck Network Route: A portion of SR 183 is designated as Terminal Access

County Profile:

- Located on the Central Coast of California, [Monterey County](#) consists of 12 incorporated cities, 4 of which extend through or near SR 183: [Salinas](#), [Pacific Grove](#), [Carmel-By-the-Sea](#), [Monterey](#), and [Del Rey Oaks](#).
- The Association of Monterey Bay Area Governments' Monterey Bay Area Regional Growth Forecast projects the population of Monterey County will grow to 530,362 from 422, 632.

- 51% of Monterey County Residents over 5 years of age speak a language other than English at home.
- Government services and farming dominate the economy of Monterey County, employing approximately 49% of the workforce in 2007. Strawberries are the principal crops for agriculture and many of the public sector jobs are associated with California State University, Monterey Bay, and the state correctional facility in Soledad. Recreation and leisure, and professional services, while making up a small percentage of the total economy, experienced strong absolute growth in 2007.

Bicycle Access:

- According to the Caltrans-District 5 [Bicycle Map: For State Highways of the Central Coast](#) (2004), all of the State Highways are open to bicyclist except at a few sections of freeways.

Public Transportation:

- [Monterey-Salinas Transit](#) provides urban transit service within and among the urban communities on the Greater Monterey Peninsula. MST also provides inter-city service for travel from the Peninsula east to Salinas and to Watsonville in Santa Cruz County.
- [Caltrain](#) will extend commuter rail service to Monterey County beginning in 2011, adding stops in the cities of Pajaro, Castroville, and Salinas.
- The [Monterey Peninsula Fixed Guideway Service](#) will provide inner-city rail service along the Monterey Peninsula and in the Salinas area beginning 2014. The system will connect to the proposed Caltrain extension in Salinas.

Intercity Rail Service:

[Amtrak](#) provides rail and bus service in Monterey County. For rail service, the [Coast Starlight](#) runs from Seattle to Los Angeles with three stations in Monterey: Salinas, Gilroy, and King City. Additionally, the Coast Starlight is contiguous with the [Pacific Surfliner](#) between San Luis Obispo and Los Angeles, providing the region access to that rail line, which runs from San Luis Obispo to San Diego. Finally, 7 Thruway Bus Stations are located in Monterey County: 1 in Carmel-by-the-Sea, 5 in Monterey, and 1 in Salinas. These stations connect the region to the Amtrak's nation rail network.

Airport:

Six airports are located throughout the Monterey County: The [Monterey Peninsula Airport](#), Clark Ranch, [San Ardo Field](#), [Salinas Municipal Airport](#), [Marina Municipal Airport](#), [Mea Del Rey Municipal Airport](#). Of these six, the Monterey Peninsula Airport provides the most extensive public regional airport services.

Transportation Agencies:

- [Association of Monterey Bay Area Governments](#) - MPO
- [Transportation Agency for Monterey County](#) - RTPA

TCR General Recommendations:

According to the 2005 *Transportation Concept Report: State Route 183 in Monterey County*, the recommended actions that are still relevant for SR 183 in Monterey County include:

- Widen roadway to a consistent four lane conventional highway where feasible
- Reduce demand by encouraging and improving alternative modes such as Bus Rapid Transit for express type commutes, vanpools and ridesharing; evaluate potential park-and-ride lots
- Enhance intermodal facilities and services to improve interconnectivity
- Bring all segment profiles up to standard lane and shoulder widths
- Encourage General Plan updates that promote transit, bicycle, and pedestrian-friendly development

- Consider intersection capacity-increasing improvements to reduce congestion
- Construct operational improvements where feasible
- Consider signal synchronization and consolidate driveways
- Preserve truck access to/from driveways and Improve truck turning radii where feasible
- Implement Intelligent Transportation System strategies from the Central Coast Deployment Plan
- Consider 183 bypass alternatives, relinquishment, and/or rerouting in Salinas and Castroville

State Highway Projects:

For an updated list of State Highway projects (including State Transportation Improvement Plan/State Highway Operation and Protection Program) along SR 183 in Monterey County, click on the Caltrans, District 5, *Status of Projects* web link: <http://www.dot.ca.gov/dist05/projects/>.
