

Scenic Highway System

California Department of Transportation - District 5

- SHS Officially Designated Route
- SHS Eligible Route
- Other District 5 State Highways

State Route 25 is designated as Scenic up to "SR 156 near Hollister", postmile 51.4. This postmile is where SR 156 once connected to SR 25 at 4th street in Hollister. That portion of SR 156 has since been relinquished, so this location is no longer a logical terminus of the scenic designation for SR 25. Furthermore, in late 2013 SR 25 was transferred to a new alignment beginning at postmile 49.79, bypassing Hollister and connecting with SR 156 at postmile 51.433. The Scenic status has not been updated to reflect these changes. (http://www.dot.ca.gov/hq/LandArch/scenic_highways/scenic_hwy.htm)
