From: ANNE MAYER
District Director
District 8

On behalf of District 8, I would like to thank you and your district employees for responding to our request for help during the wildfires this fall. With your generous help, we were able to raise \$20,800.00 for District 8 and District 11 workers who lost their homes in the tragedy.

During this time of need, you have responded with a sense of compassion and caring that is truly noteworthy. This only serves to remind me once again how much we are like a large family. I am truly proud and inspired by your generosity during these very challenging times.

Again, please share our thanks with your district employees for making a difference by reaching out through their concern and generosity.
