¹ Check plans and specifications for approved locations when using reduced size heads.

Notes:

1. If there is a discrepancy between this list and the authorization letter issued by the California Department of Transportation ("Caltrans") to the manufacturer, the authorization letter and any conditions therein control.
2. If any of the following occur, Caltrans may revoke the authorization of a product, and remove it from this list: the design of the product changes, the material used in the product changes, or the manufacturer engages in fraud or misrepresentation in order to comply with the quality control and quality assurance requirements in section 52 of the Standard Specifications.
