RE: Contract 04-1J6904
Bids Opened May 17, 2016
Protest of Bid of Wolda Ent. Inc DBA Arrow Fencing

Dear Ms. Smith,

Alta Engineering Group, Inc. (Alta) was the second monetary bidder on the above referenced project. With this letter, we protest the bid submitted by Wolda Ent. Inc, DBA Arrow Fencing (Arrow) the lowest monetary bidder. Arrow is not properly licensed to perform all of the work in the Contract and did not meet the 5% DVBE goal.

Wolda Ent., Inc. DBA Arrow Fencing Is Not Properly Licensed:

Per Exhibit 1, Arrow does not hold a General Contractors License (Class A). Arrow holds only a C13 Specialty license for fencing work. The above referenced project contains work outside the scope of "Fencing" for which Arrow does not hold a license. Specifically, this project contains Traffic Control work (Bid Items 2-4), Structural Concrete Repair work (Bid Item 7), and Clear and Grub work (Bid Item 12). All three other bidders listed a traffic control subcontractor. Arrow did not list a subcontractor for these items and therefore must intend to self-perform this work. Because the work is beyond the scope of a C13 Fencing License, Alta requests that Caltrans reject the bid submitted by Arrow as non-responsive.

Arrow Did not Meet the 5% DVBE Goal:

Arrow listed Global Environmental Network, Inc. (GENI) for all of their DVBE participation. The largest portion of the participation is for supplying fabricated steel fence panels. GENI is not a manufacturer or regular dealer of fencing or fabricated steel products. Furthermore, on GENI's DVBE certification (Exhibit 2) there is no classification listed for Fencing or Fencing related work. Fencing is also missing from the list of "keywords" provided by GENI on the Certification used for soliciting work.

GENI is clearly not serving a commercially useful function and should not be allowed to count toward the DVBE participation goal. As such Arrow did not meet the 5% DVBE goal and its bid should be deemed non-responsive.

Please call if you have any questions or require additional information.

Sincerely,
Alta Engineering Group, Inc.
