

INFORMATION HANDOUT

STAGING INFORMATION

ATTACHMENT E (Part Y)

The area of approximately 39,800 SQFT (0.91 acres) at PM 0.8, shown as “proposed staging area” on the attached map, may be available for the Contractor's use with permission from the Engineer. The designated area may be used for parking and storing the Contractor’s vehicles and equipment. The Contractor will be responsible to implement temporary BMP's to prevent water pollution.
