COUNTY OF Riverside STATE OF CALIFORNIA.

Burning authorized by this permit hereby applies to:
 (Check applicable block below)

- Burn in incinerator
- Burn debris in small 4' X 4' piles
- Burn small plots of grass or weeds in lots or residential premises
- Burn small parcels or strips for hazard reduction
- Set off fireworks

A.M.	A.M.
Burning shall be confined to hours <u>0001 P.M. to 2400</u> P.M.	
This permit valid during period <u>April 1, 2015</u> to <u>October 31, 2015</u>	
(Month & Day)	(Month & Day) (Year)

AGRICULTURAL BURNING, CROP TYPE _____ ACRES/TONS _____
 OTHER (Explain) cutting, welding, slurry seal, coldplane/grind and overlay with Hot Mix Asphalt Type A with miscellaneous digouts

THIS PERMIT IS SUBJECT TO THE TEMS AND CONDITIONS OF USE AS INDICATED

1. Permittee must not burn during very hot and dry periods when winds are strong enough that burning would be considered unsafe. (Example: wind keeps leaves in motion or extends a light flag or cloth.)
2. The fire shall be: (a) attended at all times by at least one prudent and responsible person; (b) confined within cleared firebreaks or barriers adequate to prevent it from escaping control.
3. When the burning operation authorized by this permit is in an incinerator: (a) a minimum clearance of 10 feet from all flammable material must be provided and maintained; (b) all openings must be screened with nonflammable material with holes not larger than 1/4 inch; and (c) must be attended at all times by a responsible person until fire is dead out.
4. This permit does not relieve the permittee of any duty to use reasonable and ordinary care to prevent damage to the property of others or injury to persons as prescribed by law.
5. THIS PERMIT IS VOID DURING PERIODS WHEN BURNING IS PROHIBITED BY STATE LAW, LOCAL ORDINANCE, OR PROCLAMATION OF PUBLIC OFFICERS.
6. This permit is valid only on those days which are not prohibited by the State Air Resources Board pursuant to Section 41855 of the Health and Safety Code or by the local air pollution control district.
7. Before burning call 909-383-5654
 For Air Pollution Control call _____
8. Additional terms: All equipment shall have approved spark arresters; a water truck capable of reaching the edge of the ROW will be on the project site; all vehicles will have functioning fire extinguishers. All EMERGENCY fires shall be reported to 911 immediately! ALL fire starts shall be reported to Forest Dispatch at 909-383-5651 or 52, 53, 54.

I own or legally control the above described land. I agree to comply with all fire laws, ordinances, and regulations. I further agree to comply with specific terms of this permit.

From: **DEPARTMENT OF TRANSPORTATION**
William Zamores
Surveys-Monumentation
Job # 5834-01

Subject : **Monument Perpetuation**

Per your request in a memo dated April 23, 2013, Surveys has researched County and Caltrans records for existing monuments that may be impacted by this project. Based on Project Plans submitted with the request, our office review has identified **25 monuments** located within the designated work areas. This is only a list of recorded information and may not include newly set monuments within this area.

In accordance with **Section 8771** of the Business and Professions Code/California State Law, it is the responsibility of the **Resident Engineer** to locate, mark, and protect any monuments within the designated area. Any monuments that will be disturbed, obliterated, or destroyed by the scope of the project must be referenced by the Office of Land Surveys prior to their disturbance. They must then be reset in wells and brought to the surface by the Contractor using Standard Plan A-74, Type D. The Office of Land Surveys will provide Standard Brass Disks and location reference points. All other work, materials and traffic controls must be provided by the Contractor.

Note: Post Miles shown for Monuments listed are approximate only.
