Subject: RE: EA 1G080, water availability request

Yongbee,

After research with the State Water Control Board; the City of Blythe will be able to provide water for the I-10 Freeway Maintenance Project within Wiley's Well Road and Mesa Road. Prior to construction, the contractor will have to follow the City process to obtain a Fire Hydrant Meter, and pay for the water consumption.

Let me know if you need a formal letter.

Sincerely,

Armando J. G. Baldizzone, PE
Director of Public Works

Armando,

Yes. We are assuming that Caltrans contractor will most likely source the water from the City of Blythe.

Thanks,
Yongbee Liau
