Permit Application No.: 6-10-081

**COASTAL DEVELOPMENT PERMIT**

On January 13, 2011, the California Coastal Commission granted to:

**California Department of Transportation**

this permit subject to the attached Standard and Special Conditions, for development consisting of

**The proposed project includes the widening of the offramp from northbound Interstate 5 (I-5) to Las Pulgas Road from one to two lanes, and the widening of a portion of eastbound Las Pulgas Road from one to two lanes. All proposed work would occur within the State's right of way**

more specifically described in the application filed in the Commission offices.

The development is within the coastal zone at

**The project site is located at the Las Pulgas Interchange on I-5, adjacent to Camp Pendleton (San Diego County).**

Issued on behalf of the California Coastal Commission by

PETER M. DOUGLAS  
Executive Director

  
By: **Gabriel Buhr**  
Coastal Program Analyst

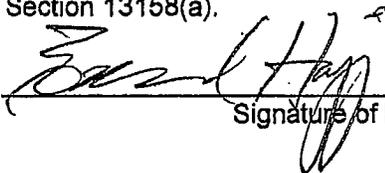

ACKNOWLEDGMENT:

The undersigned permittee acknowledges receipt of this permit and agrees to abide by all terms and conditions thereof.

The undersigned permittee acknowledges that Government Code Section 818.4 which states in pertinent part that: "A Public entity is not liable for injury caused by the issuance. . . of any permit. . ." applies to the issuance of this permit.

**IMPORTANT: THIS PERMIT IS NOT VALID UNLESS AND UNTIL A COPY OF THE PERMIT WITH THE SIGNED ACKNOWLEDGMENT HAS BEEN RETURNED TO THE COMMISSION OFFICE. 14 Cal. Admin. Code Section 13158(a).**

## COASTAL DEVELOPMENT PERMIT

Date: February 4, 2011

Permit Application No.: 6-10-081

Page 2 of 3

### STANDARD CONDITIONS:

1. **Notice of Receipt and Acknowledgment.** The permit is not valid and development shall not commence until a copy of the permit, signed by the permittee or authorized agent, acknowledging receipt of the permit and acceptance of the terms and conditions, is returned to the Commission office.
2. **Expiration.** If development has not commenced, the permit will expire two years from the date on which the Commission voted on the application. Development shall be pursued in a diligent manner and completed in a reasonable period of time. Application for extension of the permit must be made prior to the expiration date.
3. **Interpretation.** Any questions of intent or interpretation of any condition will be resolved by the Executive Director or the Commission.
4. **Assignment.** The permit may be assigned to any qualified person, provided assignee files with the Commission an affidavit accepting all terms and conditions of the permit.
5. **Terms and Conditions Run with the Land.** These terms and conditions shall be perpetual, and it is the intention of the Commission and the permittee to bind all future owners and possessors of the subject property to the terms and conditions.

### SPECIAL CONDITIONS:

The permit is subject to the following conditions:

1. **Construction Methods.** The permittee shall comply with the following construction-related requirements:
  - Best Management Practices (BMPs) and Good Housekeeping Practices (GHPs) designed to prevent spillage and/or runoff of construction-related materials, and to contain sediment or contaminants associated with construction activity, shall be implemented prior to the on-set of such activity;
  - No construction materials, debris, or waste shall be placed or stored where it may enter a storm drain
  - All trash and debris shall be disposed in the proper trash or recycling receptacle at the end of every construction day.
  - Construction debris and sediment shall be properly contained and secured on site with BMPs, to prevent the unintended transport of sediment and other debris into coastal waters by wind, rain or tracking. All stock piles and construction materials shall be covered, enclosed on all sides, shall be located as far away as possible from drain inlets and any waterway, and shall not be stored in contact with the soil;
  - Construction debris and sediment shall be removed from construction areas as necessary to prevent the accumulation of sediment and other debris which may be discharged into coastal waters. All debris and trash shall be disposed of in the proper trash and recycling receptacles at the end of each construction day;

## **COASTAL DEVELOPMENT PERMIT**

Date: February 4, 2011

Permit Application No.: 6-10-081

Page 3 of 3

- The discharge of any hazardous materials into any receiving waters shall be prohibited;
- A pre-construction meeting shall be held for all personnel to review procedural and BMP/GHP guidelines;
- All BMPs shall be maintained in a functional condition throughout the duration of the project.

Debris shall be disposed at a legal disposal site or recycled at a recycling facility. If the disposal site is located in the coastal zone, a coastal development permit or an amendment to this permit shall be required before disposal can take place.

**2. Timing of Construction.** To avoid potential impacts to the Least Bells' Vireo and the Coastal California Gnatcatcher breeding period, construction will not be permitted between the dates of February 15<sup>th</sup> and September 15<sup>th</sup> of any year, unless written approval is received from USFWS and CDFG and provided to the Executive Director for review.

**3. Drainage and Run-Off Control Plan.** The applicant shall conform to the drainage and run-off control plan received on November 9, 2010 showing all drainage and runoff directed to area collection drains and sub-drain systems on site for discharge to existing adjacent drainage channel system.

The permittee shall undertake development in accordance with the approved final plans. Any proposed changes to the approved plan shall be reported to the Executive Director. No changes to the approved plan shall occur without a Commission amendment to this coastal development permit unless the Executive Director determines that no amendment is legally required.
