

Procedure for installing Citrix Presentation Server Client and downloading STARS Program.

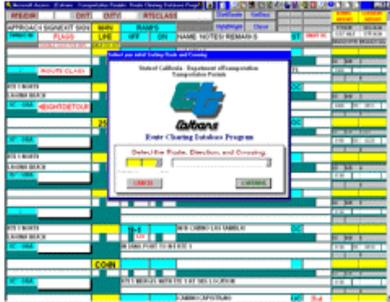

1. Go to Caltrans web site: <http://www.dot.ca.gov/hq/traffops/permits/routing.htm>

The screenshot shows a web browser window with the address bar containing the URL <http://www.dot.ca.gov/hq/traffops/permits/routing.htm>. The page content is as follows:

- Left Navigation Menu:**
 - [Application Forms and Accompaniments](#)
 - [Transportation Permits Manual](#)
 - [New Policies](#)
 - [Extralegal Weight Charts](#)
 - [Pilot Car Maps](#)
 - [CALTRANS Advisory Committee \(CAC\)](#)
 - [CCR Proposals](#)
 - [TPMS Project Information](#)
 - [Contact Us](#)
 - [Links](#)
- Central Content:**

The Route Clearing database is only available to download in MS Access '97 format. **We are not equipped with Access 2000 or Access XP (2002) and cannot enable our databases for use in Access 2000 or Access XP (2002).**

[Returning Users \(Click Here\)](#)

Empowered by: **CITRIX**
- Right Side Content:**
 - Routing Database**
 - [Returning Users](#)
 - [Alternate Server](#)
 - First-Time User Setup**

An ICA Client is required to use the On-Line Database Programs. Please select your operating system for setup instructions.

 - [Windows XP, 2000, ME 98, NT, 95](#)

If the above link does not work, try our [alternate server](#).

2. Click on Windows XP, 2000, ME 98, NT, 95 to go to the CITRIX web site to download the Citrix Presentation Server Client. This software is required to connect between STARS Program and Caltrans Satellite Site (Citrix).

3. On the Web Client Version 10.0 page, click Download Here next to .msi 5.64MB to download Citrix Client software.

Citrix Presentation Server Clients Version 10.0

Release Date: 2/23/2007

**These clients support
Windows Vista, XP, 2003, 2000 & NT**

The **Citrix Presentation Server Client Package** is a three-in-one package of ICA clients. Based on Windows Installer technology (.msi), the client package provides an easy-to-use wizard that guides one through the installation and configuration steps for any or all of these individual clients:

- Program Neighborhood
- Program Neighborhood Agent
- Web Client

NOTE: Click "More Download Versions" at the bottom of the page to download optional client packages.

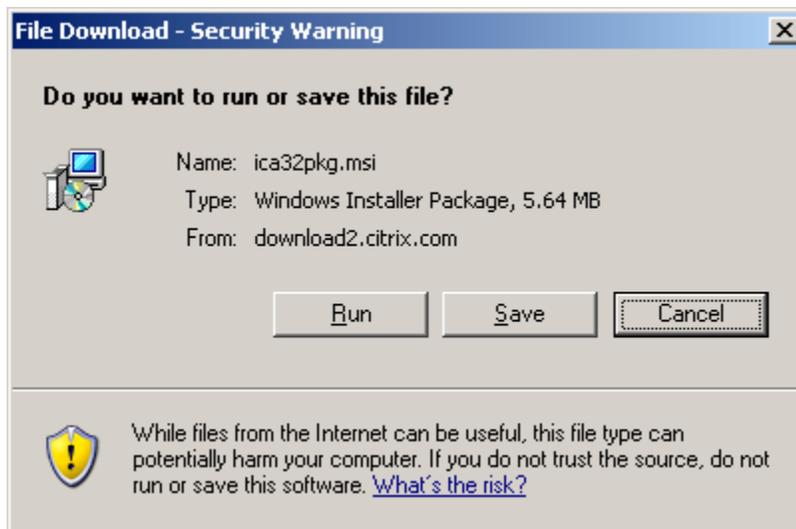

Click [here](#) to view the list of countries that may have export or import restrictions for products containing strong (128-bit or greater) encryption.

4. Press Run button on the File Download screen.

5. Download screen shows up

6. Press Run button to install Citrix

7. Select English as default language and press OK

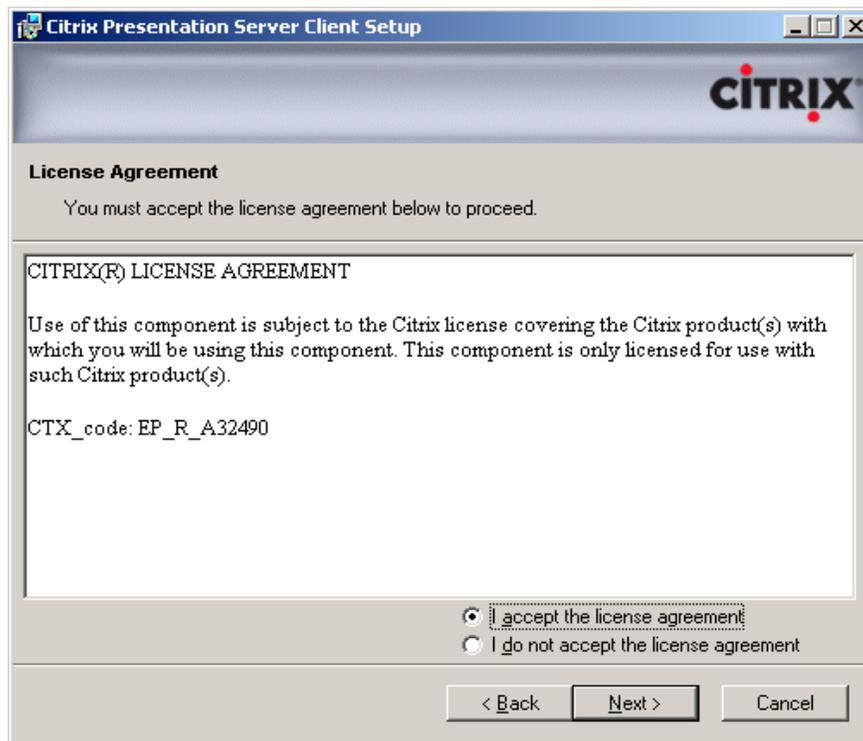

8. Citrix Presentation Server Client Setup window display. Wait until it changes to next screen.

9. Press Next

10. Select “I accept the license agreement” and press Next

11. Press Next

12. Press Next

The screenshot shows the 'Citrix Presentation Server Client Setup' window. The title bar includes the Citrix logo and window controls. The main area has a header with the Citrix logo and the title 'Server address'. Below this, there is a paragraph of instructions: 'Enter the URL of the required Program Neighborhood Agent Services site located on a trusted server running the Web Interface. The Program Neighborhood Agent uses this URL to display shortcuts to published applications on users' desktops.' A text input field labeled 'Server URL:' contains the text 'Web server'. At the bottom, there are three buttons: '< Back', 'Next >', and 'Cancel'.

CITRIX

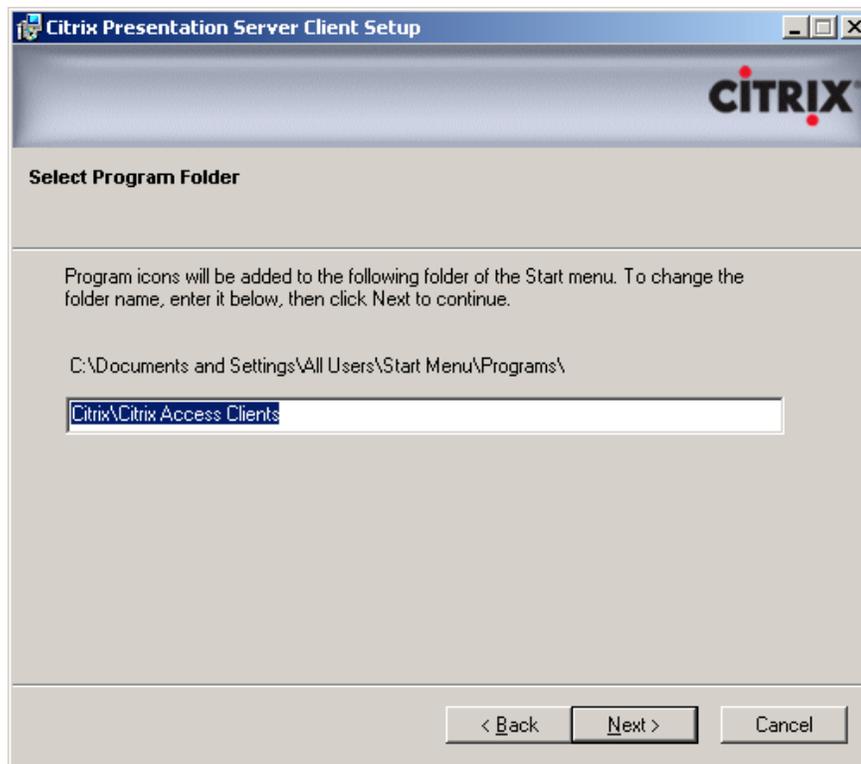

Server address

Enter the URL of the required Program Neighborhood Agent Services site located on a trusted server running the Web Interface. The Program Neighborhood Agent uses this URL to display shortcuts to published applications on users' desktops.

Server URL:

< Back Next > Cancel

13. Press Next

The screenshot shows the 'Citrix Presentation Server Client Setup' window. The title bar includes the Citrix logo and window controls. The main area has a header with the Citrix logo and the title 'Select Program Folder'. Below this, there is a paragraph of instructions: 'Program icons will be added to the following folder of the Start menu. To change the folder name, enter it below, then click Next to continue.' A text input field shows the path 'C:\Documents and Settings\All Users\Start Menu\Programs\'. Below the path, there is a text input field containing 'Citrix\Citrix Access Clients'. At the bottom, there are three buttons: '< Back', 'Next >', and 'Cancel'.

CITRIX

Select Program Folder

Program icons will be added to the following folder of the Start menu. To change the folder name, enter it below, then click Next to continue.

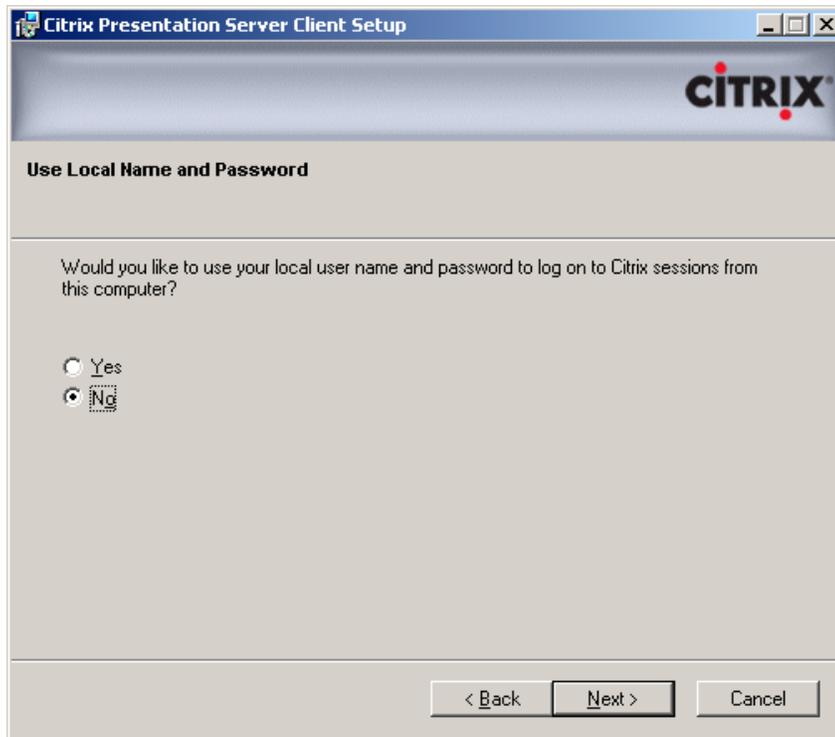

C:\Documents and Settings\All Users\Start Menu\Programs\

< Back Next > Cancel

14. Press Next

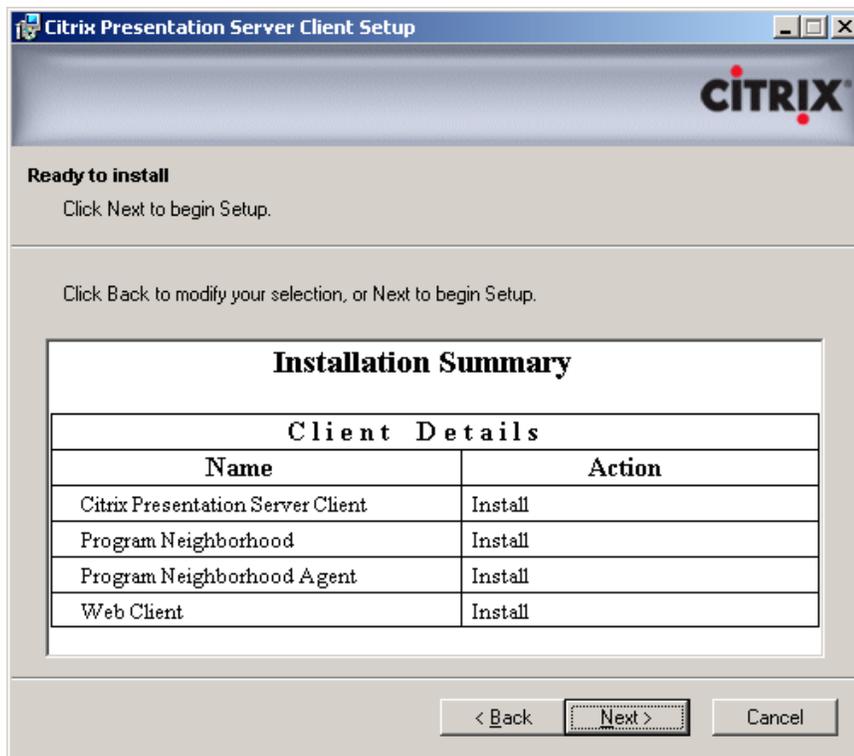

15. Press Next

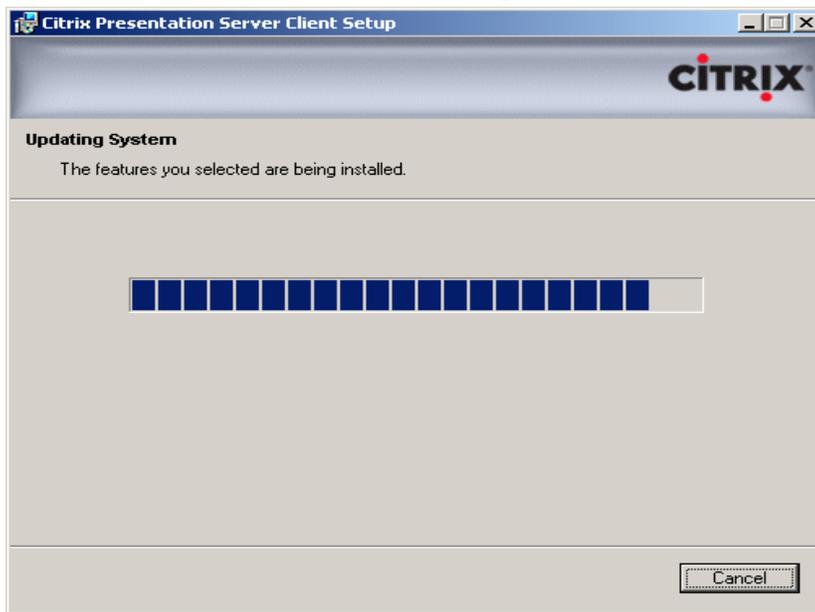

16. Press Next

17. Press Next

18. The system is installing. Wait until it changes to next screen.

19. Installation black screen display. It will disappear when finish.

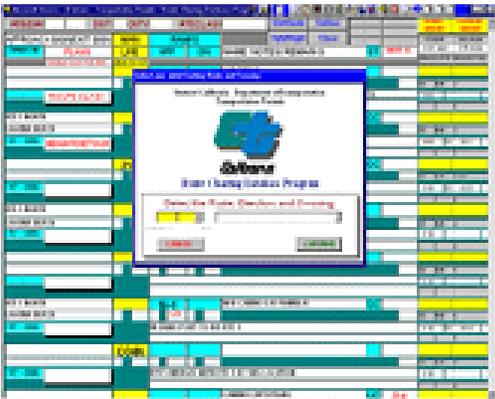

20. Press Finish

21. Go back to Caltrans web site and click Returning Users

CITRIX

If the above link does not work, try our [alternate server](#).

22. Press Open button on the File Download screen to download STARS Program.

File Download

Do you want to open or save this file?

 Name: tpermits.ica
Type: WficaCtl Object, 402 bytes
From: ds.directapps.com

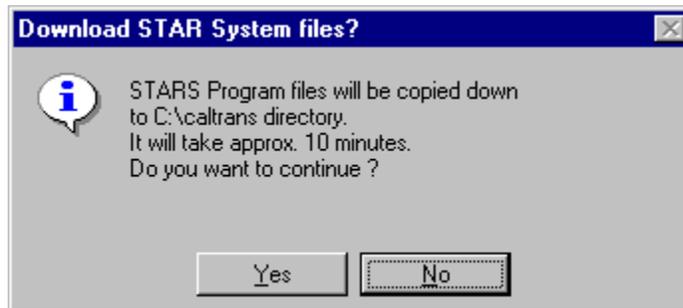

Always ask before opening this type of file

 While files from the Internet can be useful, some files can potentially harm your computer. If you do not trust the source, do not open or save this file. [What's the risk?](#)

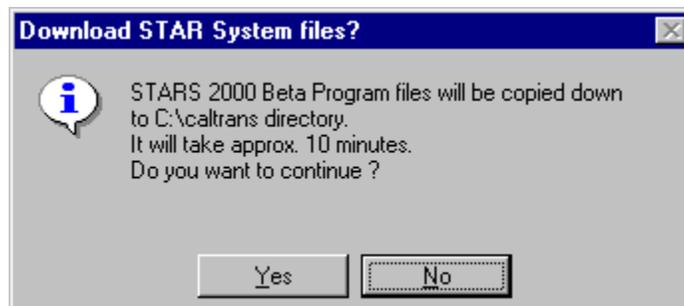

23. On the Citrix ICA Client page, double-click on the “NOT” to download Access 2000 Stars Program. (For Access 97, double-click on the CT sign)

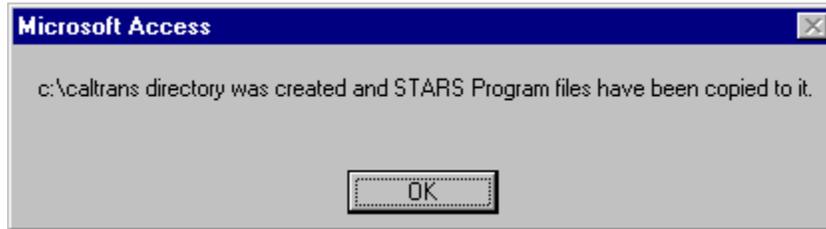

24. Click Yes button on the Download STAR System Files screen.
For Access 97

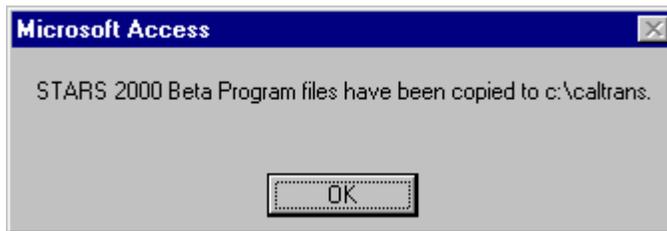

For Access 2000

25. Click on OK button when finish downloading (for Access 97).
For Access 97

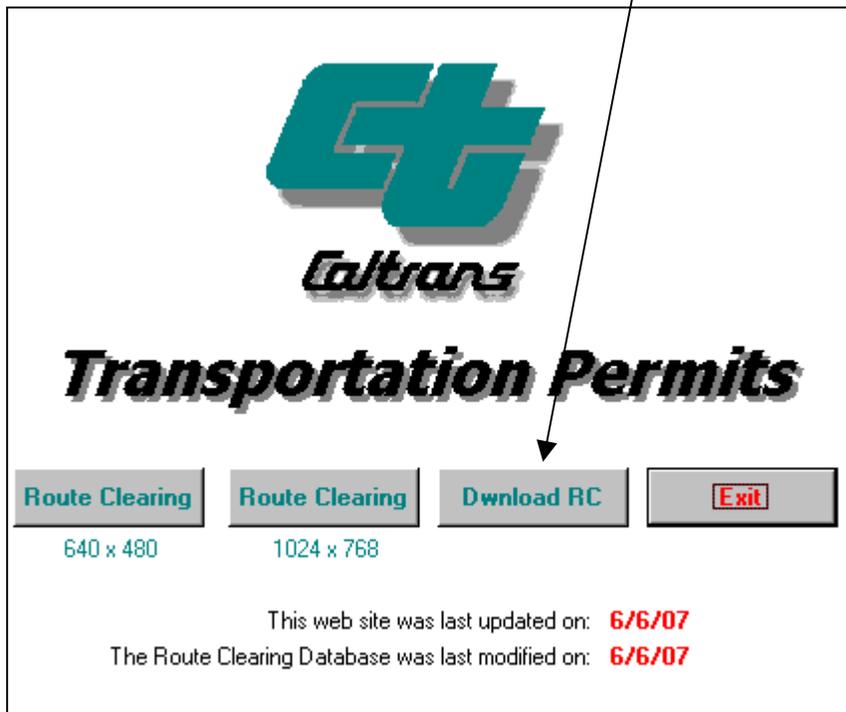

For Access 2000

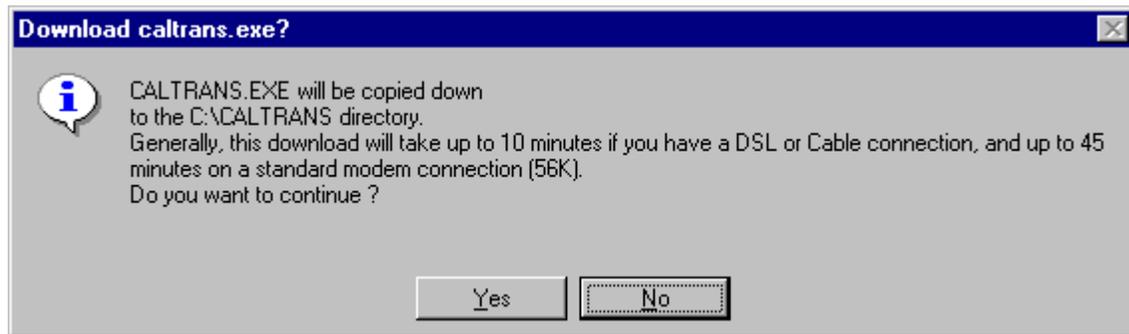

26. Click OK on the Transportation Permits Oversize and Overweight screen.

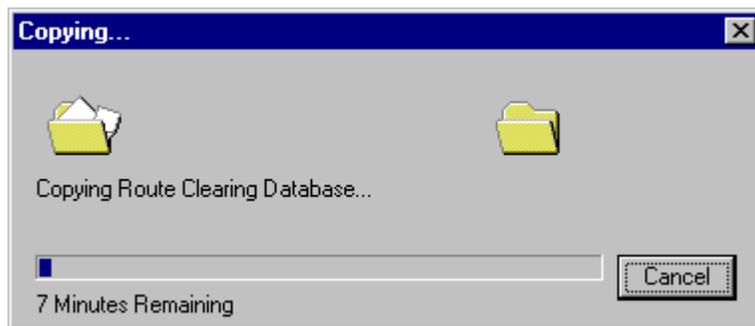

27. On the Download Route Clearing screen, click Dwnload RC button.

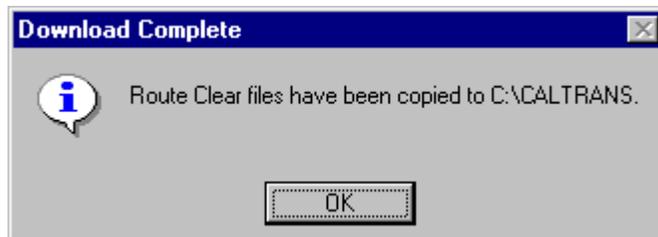

28. Click Yes button to download Route Clearing database.

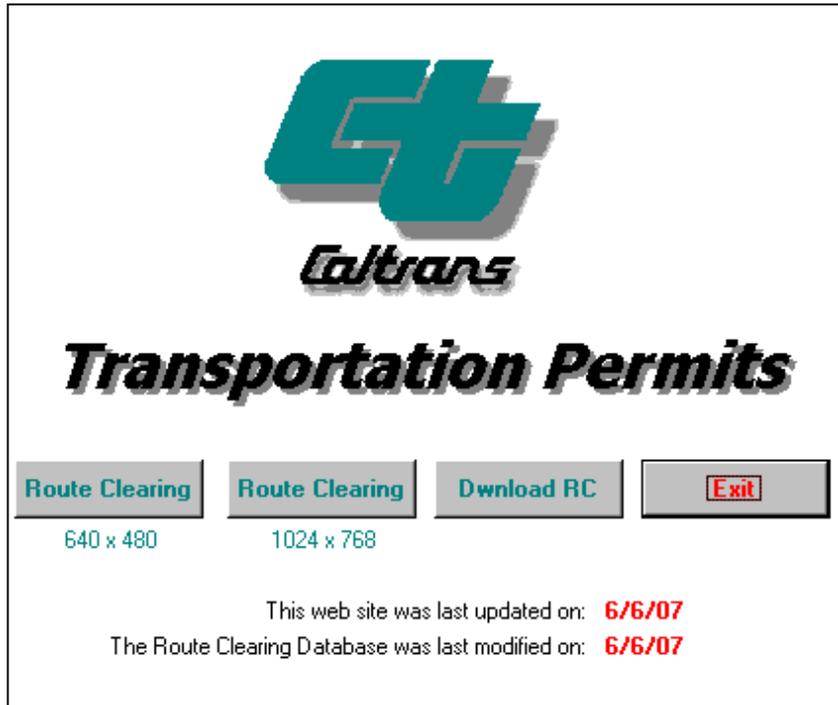

29. While downloading Caltrans.exe file, you can see the Copying screen

30. Click OK button.

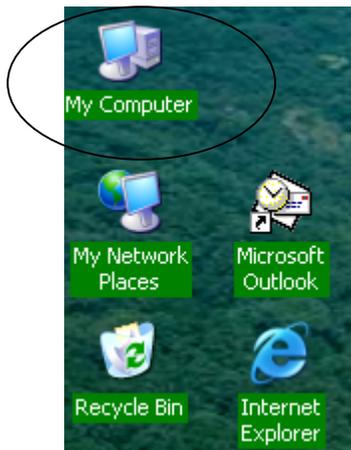

31. Click Exit.

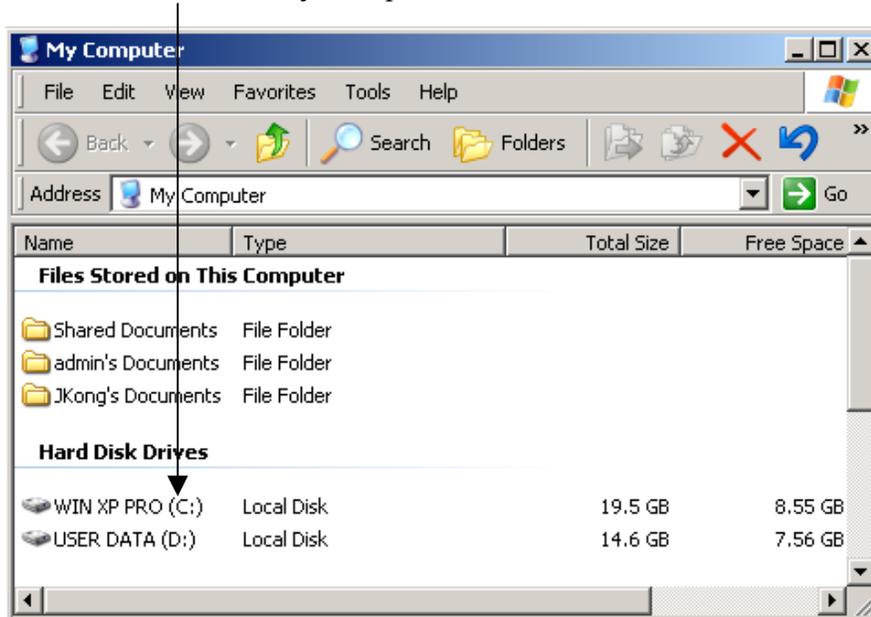

32. Close Internet.

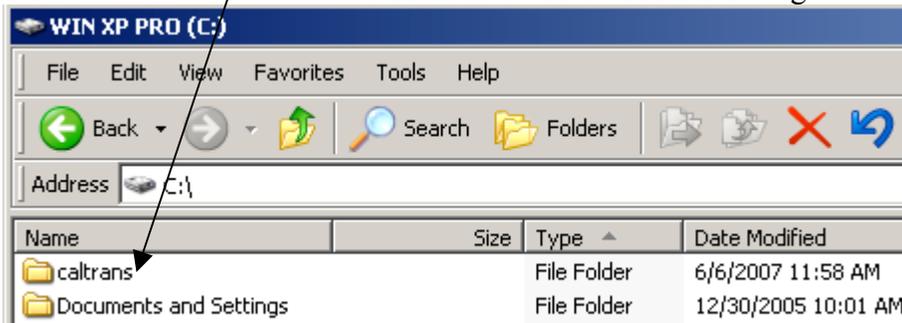

33. Open up My Computer on your computer desktop.

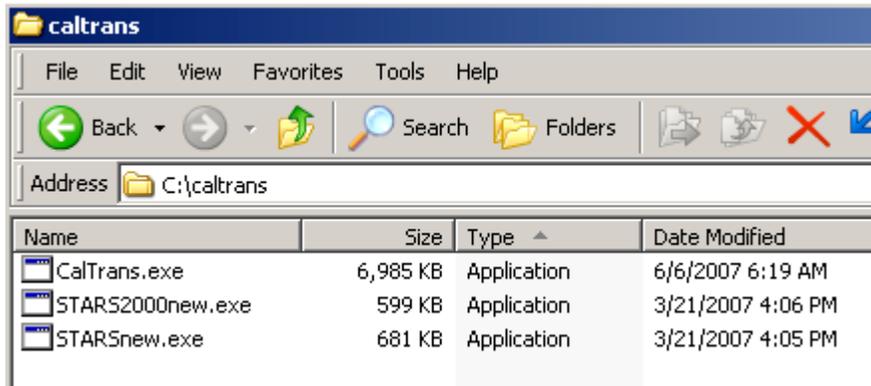

34. Double click C:\ drive on My Computer.

35. Double click the Caltrans folder created when download Stars Program.

36. Check if there are STARSnew.exe (for Access 97) or STARS2000new.exe (for Access 2000), and Caltrans.exe files in your Caltrans folder.

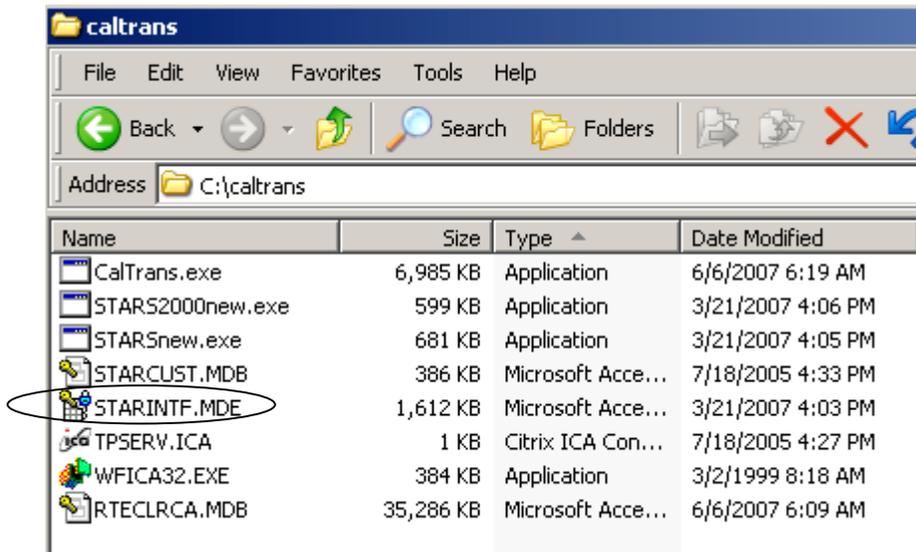

37. Open (double click) all of the .exe file, the MS Dos screen pop up.

```
C:\caltrans\STARS2~1.EXE
PKSPX (R) FAST!! Mini Self Extract Utility Version 2.50 03-01-1999
Copr. 1989-1999 PKWARE Inc. All Rights Reserved.
PKSPX Reg. U.S. Pat. and Im. Off.

Searching EXE: C:\CALTRANS\STARS2~1.EXE
Inflating: STARCUST.MDB
Inflating: TPSErv.ICA
Inflating: wfica32.exe
Inflating: StarIntf.mde_
```

38. After you install the Stars program, check if the required files are in your Caltrans folder.

39. Open the file STARINTF.MDE. It is the STARS Program interface.

- STARCUST.MDB is the database to store your permit records and company information. Make a backup file occasionally in case of file collision.
- RTECLRCA.MDB is Route Clearing database. It provides the highway restrictions with California and is required to run with the Star interface. Stars users have to download the current update version before creating transportation permit and submit to Caltrans.
